

## Incubator Project Proposal

**About this call:** Incubator projects are short-term collaborations (3-6 months) between an NFDI consortium and the DMP4NFDI basic service. They aim to set up or improve existing consortium DMP or SMP services (see also our [Service Cooperation Model](#) for more details).

### Scope of the Project

(for more details see <https://dmp.services.base4nfdi.de/services/>)

I need...	
<input type="checkbox"/>	RDMO hosting (Please note section <a href="#">[1]</a> on p. 3)
<input type="checkbox"/>	to develop a DMP or SMP template (Please note section <a href="#">[2]</a> on page 3)
<input type="checkbox"/>	to integrate RDMO with other services
<input type="checkbox"/>	support for training activities
<input type="checkbox"/>	support for outreach activities
<input type="checkbox"/>	other:

### Project duration

(Planned start and end month of your incubator project)

<b>Start:</b>		<b>End:</b>	
---------------	--	-------------	--

### Participants

#### Proposer

(Person submitting the proposal)

<b>Name:</b>		<b>Organization:</b>	
<b>Mail:</b>		<b>Consortium:</b>	

### Project team and Stakeholder

(Who will participate in implementing the incubator project? For RDMO hosting: who will be editor or manager for the RDMO client? Who are internal or external stakeholders?)

<b>Name:</b>		<b>Organization:</b>		<b>Role:</b>	
<b>Name:</b>		<b>Organization:</b>		<b>Role:</b>	
<b>Name:</b>		<b>Organization:</b>		<b>Role:</b>	
<b>Name:</b>		<b>Organization:</b>		<b>Role:</b>	

### Experience with DMPs and RDMO

Members of the project team have ...

<input type="checkbox"/>	Basic understanding of DMPs	<input type="checkbox"/>	Basic experience using RDMO
<input type="checkbox"/>	Some Experience developing DMP templates	<input type="checkbox"/>	Some Experience editing catalogs in RDMO
<input type="checkbox"/>	Created a DMP template	<input type="checkbox"/>	Created a complete catalog in RDMO (please add link here)

## Title

*(Please provide a short title for your incubator project.)*

## Abstract

*(Please describe your incubator project in max. 150 words, suitable for publishing on the DMP4NFDI website.)*

## Proposal Details

### Goals

*(Please describe the goals of the incubator proposal, including the deliverables, the participants and the communities requiring a solution. Are there any risks that could hinder implementation or outcome of the incubator project?)*

### Definition of Done

*(Please list the criteria that the product must meet in order to be considered complete.)*

### Sustainability, Reusability and Collaboration

*(How will the results of the incubator be maintained after the initial phase? If further engagement is required, could you please describe how you intend to sustain it? Could other consortia reuse or adapt your solution, and would you be willing to collaborate with them?)*

### Dissemination

*(Where do you plan to share the results?)*

### Logo

*(Please provide a logo of your consortium for the [incubator dashboard](#) or add a link for the download here.)*

## Optional information

### [1] In case of RDMO Hosting

**Planned host name for RDMO**

(e.g. <https://rdmo.nfdi4ing.de>)

**Planned support address for RDMO**

(e.g. [rdmo@nfdi4ing.de](mailto:rdmo@nfdi4ing.de) or helpdesk link)

### [2] In case of Template Development

**Relevant DMP Templates**

*(List relevant templates here, if applicable)*

**Status of your DMP Template**

*(At which status is your template? Check the most appropriate box.)*

<input type="checkbox"/>	No DMP template available so far
<input type="checkbox"/>	Unstructured collection of questions
<input type="checkbox"/>	The template is almost complete as a text document
<input type="checkbox"/>	The catalog is available as an RDMO XML document and is to be made interoperable with the Template Framework
<input type="checkbox"/>	other:
