Incubator Project Proposal

About this call: Incubator projects are short-term collaborations (3-6 months) between an NFDI consortium and the DMP4NFDI basic service. They aim to set up or improve existing consortium DMP or SMP services (see also our Service Cooperation Model for more details).

Scope of the Project

(for more details see https://dmp.services.base4nfdi.de/services/)

I need…	
☐	RDMO hosting
☐	to develop a DMP or SMP template
☐	to integrate RDMO with other services
☐	support for training activities
☐	support for outreach activities
☐	other:

Project duration

(Planned start and end month of your incubator project)

Start:		End:	

Participants

Proposer

(Person submitting the proposal)

Name:		Organization:	
Mail:		Consortium:	

Project team

(Persons who will participate in implementing the incubator project; in case of RDMO hosting: who will be editor or manager for the RDMO client?)

Name:		Organization:		Role:	
Name:		Organization:		Role:	
Name:		Organization:		Role:	

Stakeholder

(Persons who are internal or external stakeholders of this proposal, e.g. persons responsible for DMP support in your consortium, if not listed above)

Name:		Organization:		Role:	
Name:		Organization:		Role:	
Name:		Organization:		Role:	

Experience with DMPs and RDMO

Members of the project team have …

☐	Basic understanding of DMPs	☐	Basic experience using RDMO
☐	Some Experience developing DMP templates	☐	Some Experience editing catalogs in RDMO
☐	Created a DMP template	☐	Created a complete catalog in RDMO (*please add link here*) _____

Title

(*Please provide a short title for your incubator project*)

Abstract

(*Please describe in max. 150 words your incubator project, e.g. for publishing on the DMP4NFDI website.*)

Proposal Details

Description

(*Please describe the idea of your incubator proposal*)

Goals

(*Please describe the goals of the incubator proposal, including what needs to be delivered, participants, the communities that require a solution.*)

Definition of Done

(*Please list the set of criteria that the product must meet to be considered finished.*)

Risks

(*Are there risks that influence either the implementation of the activity or its outcomes?*)

Sustainability

(*How are the results of the incubator proposal maintained after the initial phase? If this requires further engagement, can you describe how you intend to sustain it?*)

Reusability

(*Can this solution be reused or adapted by other consortia? Would you be open to collaborate on this with others?*)

Logo

(*Please provide a logo of your consortium for the incubator dashboard or add a link for the download here.*)

Dissemination

(*in case of template development, where do you plan to share the results?*)

Optional, in case of RDMO Hosting

Planned host name for RDMO
(e.g. https://rdmo.nfdi4ing.de)

Planned support address for RDMO
(e.g. rdmo@nfdi4ing.de or helpdesk link)

Optional, in case of Template Development

Relevant DMP Templates
(List relevant templates here, if applicable)

Status of your DMP Template
(At which status is your template? Mark the most appropriate box.)

- ☐ *No DMP template available so far*
- ☐ *Unstructured collection of questions*
- ☐ *The template is almost complete as a text document*
- ☐ *The catalog is available as an RDMO XML document and is to be made interoperable with the Template Framework*
- ☐ *Other:*
